Johns Manville Fesco Price Increase

Continued raw material and transportation cost increases have made it necessary to increase prices on our perlite product lines.

The following price increases will be effective January 1, 2015:

All Fesco Products – 3%

To guarantee pre-increase pricing, orders must be received by December 15th and ship by December 31st based on available material and shipping capability. The new price will be applied to all shipments on or after the effective increase date regardless of order placement date. Existing quotes will be honored but extensions will not be granted.

Thank you for your continued support.

Terry Faas
Director of Commercial Operations
